THE GARRISON

OUR INNOVATIVE LIVING ROOM & COFFEE TABLE

THE GARRISON table is designed to act as your gaming center in a living room, kids room or other smaller area.

It is chock full of storage with four large drawers that are big enough for most board games, four small drawers ideal for card games or remote controls, two magazine / book storage areas, and one large open space for your Carcassonne and Alhambra Big Boxes.

You'll have plenty of room to fill the white colored drawers while keeping your coffee table perfectly clean and your significant other really happy..

AVAILABLE COMBINATIONS

- 2 daily drawers
- 1 colossal drawer

We use the highest quality premium metal drawer system in the market providing a fluid running action even under heavy loads including a soft brake closing mechanism.

WIDTHWISE HARDWOOD LEAVES

Hardwood Lengthwise Leaves are already included in the base price. Optionally you can have Widthwise Leaves with a small extra cost.

315 €

TRENCH PATROL

The Trench Patrol is ideal to reduce the cellar area and create 2 spaces. It also prevents dice, chits & small game pieces from rolling beneath the Leaves.

95 € each

We strongly suggest widthwise leaves if you plan to store them for prolonged periods of time to avoid any wrapping.

GARRISON HQ

The Garrison HQ is designed to act as your gaming center in a living room or other smaller area.

The distinctive white (or your choice) color makes it unique and compliments your coffee table. It is chock full of storage with :

- 4 small drawers ideal for card games or remote controls
- 2 magazine/book storage areas
- 3 jumbo drawers for extra room
- 2 deep drawers for game pieces, crafting materials and other stuff
- 1 large open space for your Carcassonne and Alhambra Big Boxes.

FELT CAP

If you are looking for some holiday fun or you are an experienced poker player then the Felt Cap add-on will provide an excellent playing surface. The Felt cap uses the same cloth as your game cellar inset. Cards are easy to pick up and will slide with ease across thanks to our innovative wooden curved edge running across the whole external area. The Felt Cap sits on the same ledge as the hardwood leaves creating a 3rd raised playing surface

WOOD

QUALITY

Our tables are made using the highest quality White European Oak and then treated with a unique process that applies a 0.3 mm real wood veneer to both sides (up and down) for extra durability and charismatic surface creation.

“We never use MDF, composite materials, or veneers made from paper”

Most parts of your table will be made from solid wood (hardwood). This includes the structure, legs, and leaves. In some areas with large spans (like the bottom of the drawers) we use the finest plywood, but only where the consistency and resistance of plywood make it a more appropriate choice.

Choose from our attractive charismatic surfaces such as Oak Antique, Rustic Oak, or Knotty Oak.

ONE FINAL NOTE

All of our tables are bespoke (made-to-order), which means that your table will be built exactly to your specifications. This means that we cannot just sell you a table right now. Your table has not been designed and built yet! - While you are considering purchasing a table, please look over all the options carefully and feel free to contact us with any questions. We want you to wait until all of your concerns are satisfied before starting our ordering process.

Once you have firmly, absolutely, 100% decided that you would like to purchase a table from us, you will put down a deposit. This assures your place in the queue and tells us that you are serious about your purchase.
