WOOD

QUALITY

Our tables are made using the highest quality White European Oak and then treated with a unique process that applies a 0.3 mm real wood veneer to both sides (up and down) for extra durability and charismatic surface creation.

“We never use MDF, composite materials, or veneers made from paper”

Most parts of your table will be made from solid wood (hardwood). This includes the structure, legs, and leaves. In some areas with large spans (like the bottom of the drawers) we use the finest plywood, but only where the consistency and resistance of plywood make it a more appropriate choice.

Choose from our attractive charismatic surfaces such as Oak Antique, Rustic Oak, or Knotty Oak.
