# THE PHALANX

## OUR MINIMALISTIC DINING | GAME ROOM TABLE

THE PHALANX uses a combination of wood and metal to give our new table a minimalistic and contemporary look. It is our first gaming table that doesn't include our innovative Aluminum Railing System. Instead we have included all the accessories and functions a gamer needs built into the PHALANX.

THE PHALANX was a rectangular mass military formation invented by the Greeks composed entirely of heavy infantry armed with spears, pikes and shield (Combination of Wood and Metal with our table's Rectangular shape), pretty much everything a true gamer needs.

Electrical accessories – the LED lighting system, the Bluetooth sound system, and the USB charging stations – are available for THE PHALANX.

### QUALITY

---

Our tables are made using the highest quality White European Oak and then treated with a unique process that applies a 0.3 mm real wood veneer to both sides (up and down) for extra durability and charismatic surface creation.

“We never use MDF, composite materials, or veneers made from paper”

Most parts of your table will be made from solid wood (hardwood). This includes the structure, legs, and leaves. In some areas with large spans (like the bottom of the drawers) we use the finest plywood, but only where the consistency and resistance of plywood make it a more appropriate choice.

Choose from our attractive charismatic surfaces such as Oak Antique, Rustic Oak, or Knotty Oak.
